Chris ★★★★★
I work for this company for 3.5 years and they treat me good, work is steady and I wouldn't consider working for a different company other than Transam.

A LITTLE GOES A LONG WAY

Turbo Compounding now delivers up to 11% improved fuel efficiency.

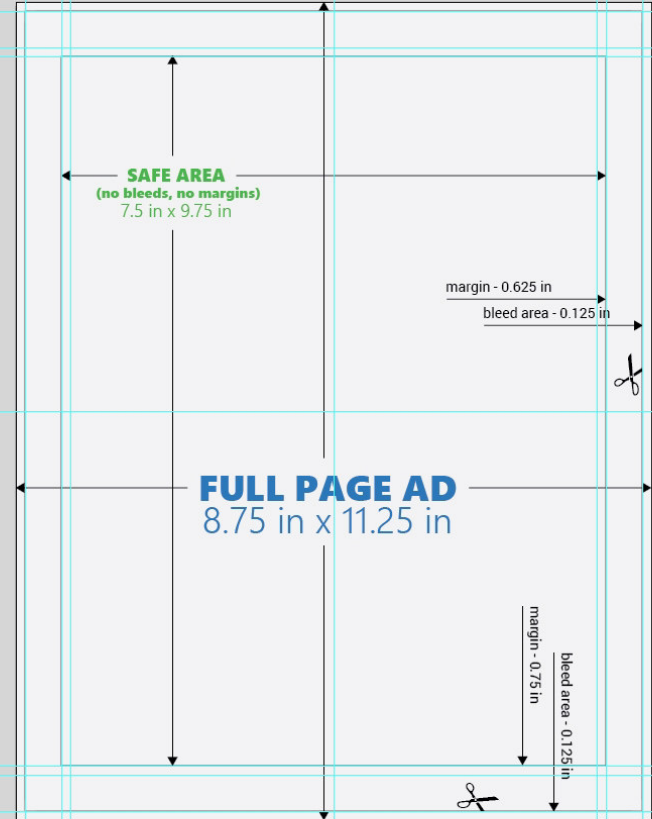

1% savings based on comparison with 2015 model year trucks.

THE NEW D13TC

The next generation D13 Turbo Compounding engine is our most fuel-efficient solution ever. It features an improved wave piston design and is perfect for a wide variety of applications. This D13TC is 6% more fuel-efficient than our current D13 engine. And up to 1.5% more efficient compared to 2015 truck models. Choose a Volvo VNL with Turbo Compounding and watch the fuel savings add up whatever the load.
